Posting Title: Consultant, SDG Innovation Accelerator for Young Professionals

Location: Shanghai, China

POSITION SUMMARY

The UN Global Compact is the largest corporate sustainability initiative in the world. With over 12,000 participants in more than 100 countries, the UN Global Compact has an unparalleled global reach and the exclusive opportunity to activate a diverse network of business, investors, Government, UN and civil society stakeholders to advance sustainable development. Central to the UN Global Compact’s strategy are the nearly 70 Global Compact Networks around the world, driving business implementation of the UN Global Compact’s Ten Principles and the Sustainable Development Goals at the national and regional levels.

The Consultant will primarily have responsibilities with respect to the rollout and implementation of the SDG Innovation Accelerator for Young Professionals in China.

The Consultant will also be responsible for localizing, developing, implementing, measuring and improving the SDG Innovation Accelerator Program for Young Professionals to suit corporate needs in China and provide programmatic service to businesses in the area of SDG Innovation.

The SDG Innovation Accelerator for Young Professionals is an opportunity for participating companies of the UN Global Compact to empower young talent within their organizations to collaborate and accelerate business innovation towards the Sustainable Development Goals (SDGs). This nine-month programme activates future business leaders and changemakers to develop and drive innovative solutions through new technologies, initiatives, and business models and deliver on their company’s sustainability objectives.

Candidates should have exceptional communication and collaboration skills, coordinate projects with acute attention to details, be an effective team player and be a super user across a range of productivity tools and applications. This position will report to Head, China office of UN Global Compact and work closely with accelerator program colleagues in New York. The consultant will be located in Shanghai, China.
