

Foundation for the Global Compact

Job Opening | Senior Manager, Sustainable Finance

Posting Title: Senior Manager, Sustainable Finance

Location: New York, NY

POSITION SUMMARY

Reporting to the Head of Sustainable Finance, and under the guidance of the Chief of Programmes, as Senior Manager, you will play a leadership role in Sustainable Finance, managing a team and their respective workstreams. In this role, you will work directly with the Head of Sustainable Finance to design and implement a cohesive strategy, operations and reporting portfolio. You should have a deep background and skill in project management, process and strategy development and implementation.

As Senior Manager, you will be responsible for scaling our sustainable finance programme reach, participation and knowledge dissemination, particularly toward diversifying our network in emerging markets. Working closely with cross-functional teams to develop and design training and leadership, you will leverage thought leadership and transform knowledge into dynamic educational and training content for the locally-delivered programs through UN Global Compact's 70+ global Local Networks and 21,000 members. You will also contribute to market analysis on sustainable finance and the barriers to scale, analyzing research to identify issue areas where finance can play a role in advancing progress, such as climate, circularity, food systems, gender equity and good jobs.

The CFO Coalition for the SDGs is the first UN initiative to engage with Chief Financial Officers (CFOs) worldwide who lead a company's finance function, shaping portfolio strategies, undertaking major investment and financing decisions, and communicating with key stakeholders. It is a platform where CFOs and other corporate officers can collaborate with peers, investors, financial institutions, NGOs, and UN agencies to develop principles, frameworks, guidance, and recommendations to integrate the 17 Sustainable Development Goals (SDGs) in corporate finance.

The UN Global Compact's Sustainable Finance team co-creates knowledge, tools and programmes hand-in-hand with finance chiefs and their corporations to create the necessary environment to align private capital with sustainable development. By aligning corporate investments with the SDGs and linking corporate finance to relevant and credible SDG targets we can increase investments in critical areas such as sustainable infrastructure, renewable energy, clean water, health care, food and agriculture, social equality and decent work.

DUTIES AND RESPONSIBILITIES

Strategy, Operations & Reporting

Please, no phone calls or unsolicited e-mails outside of the submission process

Foundation for the Global Compact

Job Opening | Senior Manager, Sustainable Finance

- Lead the integration of workstreams, projects and networks under one cohesive programme strategy and operations, designing, delivering and reporting on KPIs for the programme portfolio.
- Drive management and execution of project work for the Sustainable Finance team, providing mentorship, technical guidance, and strategic direction.
- Oversee benchmarking and proprietary flagship statistics workstream on corporate SDG finance and investments. Work with partners to source complementary public and proprietary data.

Program Education & Leadership Design

- Leverage existing sustainable finance thought leadership and transform into dynamic educational and training content for the locally delivered programs.
- Facilitate stakeholder and network consultation to inform program prioritization and design through a co-creation approach.

Research & Insights

- Contribute to market analysis on sustainable finance and the barriers to scale – synthesizing industry research and data from diverse sources to generate insight.
- Develop market landscapes for key issues areas where finance can play a role in advancing progress, such as climate, circularity, food systems, gender equity and good jobs.
